

## YARMARK GOES TO JAIL AFTER APPEALS FAIL

Ronald W. Yarmark, of Aspers and Washington, D. C., Monday began serving a three to six-month sentence in the Adams County Jail fifteen months after he had been found guilty of a 16-count burglary and larceny charge arising from his removal of his car from the C. W. Epley garage in October, 1956, after the car had been repossessed by the General Motors Acceptance Corporation.

In the meantime Yarmark had appealed his case twice, once to the county court and once to the Superior Court of Pennsylvania, and had been turned down both times.

One other defendant in the case with Yarmark completed his 45-day sentence more than a year before Yarmark began his term in jail.

### Delayed By Storm

The 37-year-old former Aspers manufacturer was committed to the county jail Monday afternoon about 2:30 o'clock after appearing before the county court.

He had been scheduled to appear before the local court Monday at the direction of the district attorney after the Superior Court had rejected his appeal January 21. The district attorney had set Monday morning as the time for his arrival but Yarmark was "stuck" three times in driving here from Washington and did not arrive until Monday afternoon when his commitment was ordered.

November 21, 1956, Yarmark was found guilty on a 16-count charge which included counts of burglary, larceny, bribery, destroying records, removing goods to defraud creditors, conspiracy to burglarize, to steal, to forge, to bribe, to destroy records, to remove and secrete personal property to defraud creditors.

**Cullison Served Time**  
Three associates of Yarmark, Howard L. Miller, Gettysburg R. 4; Ralph Vernon Thompson, Fourth St., and William Joseph Cullison, Gettysburg R. 3, had previously entered pleas in connection with the removal of Yarmark's car from the Epley garage.

Yarmark's auto had been repossessed, according to testimony at the trial, and had been stored in the Epley garage. Yarmark and the other men went to the garage, got the car into running condition and Yarmark drove it to Westminster. Yarmark then went to Harrisburg and paid up to date on the car to the GMAC and secured an extension of his contract with that agency.

Last November 26 Cullison was sentenced to from 45 days to six months in jail for his part in the case; Thompson and Miller were fined \$100 and placed on probation for a year.

### Must Pay \$500

Yarmark was not sentenced at that time because he had appealed the case on November 24.

March 16, 1957, the county court handed down its opinion refusing a new trial and on April 27, 1957, sentenced Yarmark to jail for three to six months, and ordered that he pay a fine of \$500 and the costs on two counts of the original 16. The court had dismissed five of the counts in its opinion refusing a new trial.

### Blowing Snow Is Blamed For Crash

Damage totaled \$200 when two cars collided four miles north of here on the Harrisburg Rd. at 3 o'clock Monday afternoon.

State police said Victor V. McNeese, of Albert Lea, Minn., an 18-year-old member of the U.S. Navy, was driving when he was blinded by drifting snow and slowed his vehicle. Rosemary Pardeau, 41, Lockport, N. Y., also driving south, according to police, was also blinded by the snow and failed to see the McNeese car ahead and her vehicle smashed into the rear of the sailor's auto. Damage was estimated at \$50 to the Pardeau car and \$150 to McNeese's vehicle.

### Substitute Program For Rotary Club

Despite the blizzard, 33 members of Rotary, 19 of their sons and several guests attended the meeting of Rotary Monday evening at the YWCA. Dr. Harold Dunkelberger, president, presided.

Thomas Kennedy, Adams County coordinator of YMCA activities, told of "father-son" programs carried on by the YWCA. Because the scheduled speaker was unable to arrive, Lt. Col. Martin Peters, professor of air science and tactics at Gettysburg College, showed a film on training of B-47 pilots.

## Loaded Tank Truck Overtakes In Snow

Charles F. Stouter, Texaco distributor at Emmitsburg, and his 13-year-old son, Richard, escaped injury when a tank truck loaded with fuel oil turned over on its side in the snow at the western edge of Emmitsburg about 4 p.m. Monday.

Mr. Stouter was at the wheel when he drove close to the edge of the narrow roadway to make way for an approaching car. The right wheels of the truck struck deep snow which "pulled the truck into a roadside drift" where it turned over on its side.

Damage to the truck was believed to be not serious. Part of its cargo was removed and a crane from Gettysburg was expected to put it back on its wheels later today.

## HIGHWAY CREWS MAKE PROGRESS AGAINST SNOW

Diminishing winds and extra bulldozers rented for emergency service by the state Highway Department helped highway workers to forge ahead steadily today in their three-day battle to keep main roads open.

Winds dropped about 2 a.m. this morning and six extra bulldozers started work at dawn. At noon the Highway Department reported most main roads open and efforts being pushed to clear all secondary roads as rapidly as possible.

The Taneytown Rd., Biglerville-Heldersburg Rd., Narrows Rd. and many others which were closed at noon today were expected to be opened to traffic sometime this afternoon.

Superintendent Clyde Garber and his assistants, J. Walter Kugler and Lawrence Moul, who have been on the job since Saturday morning almost without letup, are directing the snow removal operations from their radio-equipped cars. Mr. Garber has not been to his snow-locked Hamilton Twp. home since Saturday morning.

**Need Feed, Food**  
General foreman and dispatcher, Francis McGlaughlin, Fairfield, on duty since Saturday morning at the highway garage on the Fairfield Rd., said: "We've been getting a lot of complaints from farmers about their roads and when are they going to be plowed? We didn't bring this snow down but we're sure doing all we can get it off the highways."

McGlaughlin said many farmers face "tough problems" with roads blocked so that milk trucks cannot reach their farms. Others need feed for herds and food for their families. Water lines are frozen and repairmen cannot reach snowed-in homes.

The extra bulldozers, only one of which was equipped with lights and could be used before dawn, have been used in moving heavy drifts that lighter trucks with snow (Continued On Page 2)

## Two Dozen Robins On Keckler's Hill

Despite the blizzard, Keckler's Hill residents are sure that spring cannot be far away.

Residents of the hill, two miles north of here along the Biglerville Rd., this morning reported a visitation by robins. Mrs. James L. Hafer said more than "two dozen" appeared at their home. J. B. Storm at the Rainbow Motel nearby reported "a half dozen" robins visiting there.

# Thousands Of Pennsylvanians Bravely Pursue Battle Against Snow, Cutting Winds, Zero Weather After Blizzard

By THE ASSOCIATED PRESS  
Fierce winds and subfreezing temperatures prevailed throughout Pennsylvania today impeding efforts to relieve the state of the numbing effects of a near-blizzard that struck over the weekend.

Twenty-five storm-related deaths were reported in the past 72 hours across the state.

Snow plows and bulldozers churned through highways in a sometimes losing battle as the strong winds blew the powdered snow into drifts that clogged roads almost as fast as they were cleared.

Rescue operations also were resumed as reports of marooned motorists and snowbound rural families were relayed from civil defense units and Red Cross disaster headquarters in many counties.

**2 State Workers Die**  
Two assistant superintendents of the State Highways Department were found dead of carbon monoxide poisoning in their snowbound automobile in Montgomery County last night.

Across the state, 22 persons were reported isolated last night.

## Early Sledders On Springs Ave. Hill

A few of Gettysburg's youngsters are shown taking advantage of the protected Springs Ave. as they skim down the street without any danger of an unwanted auto in their path. The photograph was taken Monday afternoon before the usual large crowd arrived for some long awaited winter fun.

## MORALS CASE IS STARTED IN COURT TODAY

The blizzard continued to hamper operation of the Adams County court today. Scheduled trials of civil cases did not take place this morning because of the absence of jurors and principals in the cases due to snow-closed roads.

With 28 jurors present at 9:30 o'clock this morning trial started on the morals charge and charge of contributing to the delinquency of a minor against Paul F. Baker, 235 Chambersburg St.

A 14-year-old Gettysburg youth testified on the stand this morning to improper relations with the 33-year-old bachelor Baker. Baker denied the charge and said that Officer Raymond Menges was responsible for the "falsehood" he claimed the youth told on the stand.

**Complaint By Students**  
Menges, said Baker, has been "making my life miserable" and has been "trying to get me into trouble." Asked how the officer was doing that Baker said occasionally when he was driving round town at 3 o'clock in the morning Officer (Continued On Page 2)

## AUTOS SIDE-SWIPE

Cars operated by Melvin C. Pryor, 42, R. 2, and Chester J. Dick Jr., 24, of Chicago, were damaged at 10:55 a.m. Saturday when they sideswiped while passing on a narrow bridge on a township road 8½ miles east of Waynesboro. Damage to the Pryor car was set at \$5 and to the Dick car at \$100.

## MOVE FIRE TRUCKS

Bonneauville firemen Monday afternoon, after digging their way out from drifts at the fire house, placed their fire trucks at the Cities Service garage in Bonneauville for the duration of blizzard period. The fire house had been blocked by drifts which closed in repeatedly after firemen shoveled the snow away.

## Below Freezing Here For 11 Days

The weekend blizzard has helped to prolong and make more severe one of the longest cold spells on record here in recent years. Not since Friday, February 7, has an above freezing temperature reading been taken here.

While low readings dipped to a record 2 above zero here Monday morning, Monday also became the coldest day of the winter with a "high" of 10 above zero. The average daily high reading for the last 10 days has been nine degrees below freezing while the average daily low has been about 11 degrees.

Near zero readings are forecast again tonight.

## FIREMEN CALLED

The Gettysburg Fire Company responded to a chimney fire at 1:30 o'clock Monday afternoon at the residence of Mrs. Beatrice Frealing, P. 1, Mrs. Frealing said the chimney fire was caused by a fireplace and there was no damage.

## TIMMINS LEAVES M. A. HARTLEY CO.

William T. Timmins, manager of M. A. Hartley Co. and partner in the firm, will resign on or about March 1. It was announced today by Mahlon A. Hartley, senior partner.

Timmins joined the company in June, 1927, and was admitted as a partner July 1, 1938. His only absence from the firm was during World War II, when he served as a chief warrant officer in the U. S. Navy. Timmins was appointed manager after the death of Ralph Z. Oyler, in February, 1952, and has served as such during the last six years.

Richard A. Hartley has been appointed manager and Walter Trostle as assistant manager, with direct supervision over the major appliance sales and service department.

During the change of staff, Timmins will remain with the firm and assist in an advisory capacity.

## MUSIC FESTIVAL IS POSTPONED; SOME SCHOOLS OPEN TOMORROW

Early this afternoon there was uncertainty about how many schools will be in operation in Adams County Wednesday but there was a definite statement that the annual Adams County Band and Chorus Festival set for Wednesday evening in the Gettysburg High School has been postponed to an indefinite date.

Public schools at Fairfield and New Oxford will remain closed Wednesday.

Delone Catholic High School and the Gettysburg Parochial schools will be in session Wednesday for the first time this week.

**Gettysburg Undecided**  
A decision is to be made later this afternoon about the Gettysburg schools with the announcement to be made later on WGET.

Littletown schools may operate. Supervising Principal Paul E. King pointed out that 44 per cent of the pupils there reside in Littletown borough and will be able to reach schools while buses could gather pupils on main highways of their routes. Final decision there will come later today.

The schools of Upper Adams Joint School district may or may not be in session Wednesday. A telephone survey is being made this afternoon to check on road conditions with a later decision to be made known on WGET.

At 1:30 o'clock this afternoon, Supervising Principal Donald Hudson of Biglerville said Upper Adams schools will not operate Wednesday but hope to re-open Thursday morning.

## Music Festival Later

Franklin Township school plans will be decided this evening.

A survey of road conditions in the Bermudian Springs Joint School district this afternoon is to decide about Wednesday's plans there.

## 40-8 WILL GIVE EQUIPMENT TO HOFFMAN HOME

The local 40 et 8 today announced plans for a program Sunday afternoon at the Hoffman Home, near Littlestown, at which the American Legion associated organization will present tumbling mats to the home for use in the recreation and health programs of the children there.

Raymond Spahr, chairman of the child welfare committee of the 40 et 8, said Harry D. Ridinger, will be master of ceremonies for the program at the home at 2:30 o'clock Sunday afternoon.

Rev. Mark Michaels, superintendent of the home, will open the program after which there will be a presentation of colors by the Legion Honor Guard who are also members of the 40 et 8.

**Students To Entertain**  
Singing of "America" will be followed by prayer by John Hewitt, chaplain of the 40 et 8. Glenn Harner, chef de gare, will present the tumbling mats to the home and Rev. Mr. Michaels will accept the equipment. Stewart N. Long, of the Ocker-Snyder American Legion Post, Littlestown, will sing two selections.

Henry T. Bream, athletic director at Gettysburg College, will speak briefly and introduce a number of students from the college physical education classes who will demonstrate use of the mats.

Singing of "God Bless America" and retiring of the colors will conclude the program.

The public is invited.

## Fire Destroys Nine-Room Frame House Near Orrtanna And Ten Are Made Homeless

The Gettysburg Times made a superhuman effort to deliver its Monday's edition to all of its eight thousand plus subscribers but fell short of "100 per cent achievement" by a scant few.

The crew of carriers on foot and in automobiles made every effort and worked far into the night and early this morning but the elements were against this plucky band and delivery of Monday's paper will in all probability be completed today unless the winds and snow "block their way."

The carrier boys and girls did yeoman work in delivering their papers, despite the biting winds, snow drifts and almost zero weather, to subscribers in all the communities of the county and to neighboring areas in Maryland. They completed their rounds after hours of hard work.

However, the motor carriers, who travel more than 300 miles daily, found the elements stacked against them and they were frustrated in some areas such as Taneytown, East Berlin, New Chester, Hunterstown and Fairfield Station. "Our trucks with snow tires and chains could not negotiate through drifts that soared to six and seven feet," a Times official said today.

### Drivers covered circuitous routes to reach subscribers but in those instances mentioned above it was utterly impossible to reach them all. In one instance a Times car was within one mile of a community and found the road blocked. The driver turned about and pushed on over seventeen additional miles to reach the community, but again was "snowed out." He could not quite make it.

One vehicle skidded into a drift near Center Mills and was not extricated until this morning. That driver and another Times circulation department employee tried in vain to make delivery but at 2:30 o'clock this morning were forced to admit defeat. Those papers will be delivered today . . . again, if the elements do not prevail too strongly.

**Some carriers followed state highway department snowplows and were only baffled because the plows could go no further. Wherever it was possible to reach a subscriber, by motorcar or on foot, the Times was delivered.**

Those who did not receive their paper realize it was impossible to reach them.

Delivering the Times six days a week always presents problems and these are met as quickly as possible. Sometimes water prevents delivery. Sometimes it is snow. All in all, however, the elements must combine to defeat the carriers of the Times.

## Plan Soil, Crop Program Friday

A crop and soil day program will be held Friday morning at 10 o'clock in the United Church of Christ, Frank Zettle, county agent, announced today.

The following topics will be discussed: Growing the Right Forage Crop, Place of Small Grains in Adams County by Wayne Hinish, extension agronomist; Control of Insects in Forage Crops, Latest on Corn Borer Control, and Protecting Livestock Against Insects by J. O. Pepper, extension insect specialist.

## LOCAL FIREMEN ARE KEPT BUSY

Gettysburg's Fire Department was called out three times Monday and again this morning.

At about 1:20 o'clock Monday afternoon, the firemen were called to the Marshall Frealing farm, Gettysburg R. 1, for a chimney fire.

At 7 o'clock Monday night the firemen were called to a chimney fire at the Bernard Forsythe home, near Cashtown.

At 10:30 o'clock Monday night they aided Cashtown firemen at the Dale Herring fire, near Orrtanna. This morning at 7:30 o'clock, the local firemen were called to the home of John Hardman, Gettysburg R. D. near Clapsaddle's quarry, when a fire broke out in a partition. The Hardman family had the fire under control when the firemen arrived.

## 7 Red Agents On Stolen Plane

SOUEL, Korea (AP) — South Korean police said today they had evidence at least seven Communist agents boarded the commercial airliner which flew to Red North Korea Sunday.

The police statement came after a North Korean newsmen covering a U. N. truce commission meeting at Panmunjom hinted that a fight took place aboard the plane before it bypassed Seoul and landed in Communist territory.

The Communist newsmen told South Korean reporters some of the 34 persons aboard the plane were wounded and received medical treatment. The plane was piloted by two Americans.

## JAYWALKING IS BIG TRAFFIC PROBLEM HERE

Jaywalking and double parking, especially on Baltimore and Chambersburg Sts., were described by borough police Monday night as among their principal problems in handling traffic control.

The officers, regular and part time, met Monday evening with Burgess Wilbur Plank and Chief of Police Jack Bartlett at the engine house to discuss problems of the force with the hope of finding some answers before summer tourist traffic again jams Gettysburg streets.

Burgess Plank said the suggestions made at the meeting Monday night and other meetings will be placed before the appropriate committees of council if they show need for such action.

Burgess Plank said following the meeting that the officers "presented many valuable suggestions."

Among other matters discussed were lighter weight uniforms for the police during the summer; the extent to which the services of the extra police supplement the full-time officers; and the importance, to police, pedestrians and motorists, of adequate lighting at cross walks.

## MORALS CASE

(Continued From Page 1)

Menges followed in the police car. Another time, Baker said, Menges called him up to the police station early in the morning on connection with a complaint by some college students. Asked if Menges had ever threatened him in anyway, Baker said Menges had never said anything to him.

Baker admitted taking the youth to his home one night, when, he said, the youth was locked out of his own home, but said he only did it "out of the goodness of my heart" to provide a place for the youth to sleep.

The jury hearing the case includes: Ralph W. Boyer, East Berlin; Paul L. Cooley, Arendtsville; Wilmer Drach, 257 E. Middle St.; Mrs. Betty B. Ecker, 166 Seminary Ave.; Earl Kaiser, New Oxford; Bernard Lawrence, Hanover R. 4; Rodney Nelder, Hanover R. 4; Paul J. Reaver, Gettysburg R. 2; Edward S. Smith, Gardner R. 1; Stewart Walker, New Oxford R. 1; Gordon Webster, 248 Buford Ave.; Grayson Weigle, York Springs R. 1.

## HIGHWAY CREWS

(Continued From Page 1)

Restrictions on Route 15 north (the Harrisburg Rd.) were lifted about 10 a.m. today. York County sections of the highway and points at Rose Garden and Shepherds town had caused such tieups that state police had ordered through traffic re-routed since Monday afternoon.

The Emmitsburg Rd. has been kept open but with one-way traffic only at some points. Highway officials predicted that unless heavy drifting resumes, all main roads will be open Wednesday morning and many of the secondary roads will be usable but most rural roads will remain drifted. Some townships are equipped with snowplows to open their own rural roads.

Curb Mail Deliveries Rural mail carriers were able to cover only main highways today and Monday and completed their duties hours ahead of their usual check-in time.

Buses running east and west were holding pretty close to schedule but lines running north and south were far behind schedule and in some cases some runs were cancelled. The early Gettysburg-Fredrick bus did not attempt its trip this morning but one was expected through this afternoon.

The Gettysburg-Harrisburg early buses today traveled by way of York but later ones used Route 15.

## 18 CHILDREN DIE IN BLAZES

By THE ASSOCIATED PRESS

Fires last night across the nation took at least 22 lives, 18 of them children.

The worst blaze swept through a two-story building in Atlanta, Ga. Ten youngsters perished together in one bedroom, and in another an infant and his mother died. All were Negroes.

At Romeville, Ill., flames destroyed the trailer-shack home of Mr. and Mrs. Carl B. Wright, killing three of their daughters and two sons. The parents and another son were seriously injured. The other two Wright children were reported in fair condition.

Two elderly invalids and a 12-year-old boy perished in a fire that destroyed their three-room frame home at Memphis, Tenn. All were Negroes.

The bodies of two persons, one unidentified, were recovered after a 70-year-old man and the other a fire destroyed a small dwelling at Carver, Mass.

Overheated stoves were blamed for the fires in Illinois and Massachusetts. Cause of the other blazes was not determined.

## OPPOSE SLASH IN INCOME TAX

WASHINGTON (AP) — Republican leaders of Congress agreed with President Eisenhower's key Cabinet officers today that it would not be wise to cut taxes as a business stimulant at this time.

After a breakfast conference at the White House, Senate Republican Leader Knowland of California told reporters the decision was subject to review before Congress adjourns in late July or early August.

Tax reduction was the subject of discussion, Knowland said, along with the question whether the government should launch a major public works program to counter the recession.

Both the administration chiefs and the minority Congress members agreed, Knowland said, that unemployment will start declining in March and business will turn up fairly soon thereafter without artificial stimulus.

"If the anticipated improvement did not take place before midyear when Congress near adjournments, public works would get serious consideration," he added.

## Panel Discussion For Junior Highs

A panel discussion on "Teen-agers' Responsibility Toward Home, School and Community" will be conducted during the weekly Junior High School assembly at the local high school Thursday afternoon at 1 o'clock. ## French Bombing Called "Shocking"

NEW DELHI, India (AP)—Prime Minister Nehru told Parliament today the French aerial bombing of a Tunisian border village was "shocking beyond belief."

Switching to the Middle East, he said the merger of Egypt and Syria was a union of people who were eager for it, but he said he was not so sure about the union of the kingdoms of Jordan and Iraq.

If that is only a countermove against Egypt and Syria, he said, "I don't know what effect it will have."

Nehru said he hoped "ominous sounds coming from Israel" over the two mergers would not bring "precipitate action."

## MARKET DIPS LOWER

NEW YORK (AP)—The stock market turned lower in early trading today after a slightly higher start. Dealings were at a slow pace once the opening transactions were completed.

The news background of the market was mixed at best. Shortly after the opening, Republican leaders of Congress announced they had agreed with Eisenhower cabinet officers that it "would not be wise" to cut taxes as a business stimulant at this time.

Steels, motors and rubbers were mostly lower. Rails and oils were irregular, and aircrafts were steady.

## MANY ARTICLES RECOVERED FROM FOUR JUVENILES

The following is a list of unclaimed articles police have retrieved from the homes of the four juveniles who burglarized cars in Gettysburg, Littlestown, Hanover, Fairfield, Emmitsburg, Waynesboro, and other places from December 31 to about February 4 or 5.

The list was released Monday by Chief of Police Jack Bartlett as follows:

Fifteen flashlights, mostly two cell type; 17 screw drivers; 12 open-end wrenches; 9 pairs of pliers; 8 windshield scrapers; 8 pocket combs; 6 seat cushions; 6 pairs of sun glasses; 4 license plate holders, shield design; 3 whisk brooms; 3 steering wheel spinners; 3 bottle openers; 3 darts; 2 car fuses; 2 light bulbs; 2 small leather cases; 2 key cases; 2 glass cutters; 2 boxes of end wrenches; 2 floor mats; 2 blankets; 2 Eversharp pencils.

### Other Articles

The following items are one each: Trouble light, box of maps, box of cards, polishing rag, rubber horse, college emblem, brush, sponge, cigarette case, Hanover Night Hawks emblem, large ball of binder twine, silk scarf, spring steel cushion, chain and medallion, string of beads, roll of cellophane tape.

Knife with leather sheath, pair of black shoe ice skates, five-gallon can, piece of a garden hose, small pencil flashlight, plastic key case, yoyo, first aid kit, blue plastic handle whisk broom, sun visor mirror attachment, wool scarf, rubber shrunken head, charm bracelet, pair of binoculars, bronze magnetic ash tray.

Rasp, ball-peen hammer, file and handle, 6-piece file set, punch, large pliers, roll of fiction tape, set of open-end wrenches, six foot wooden rule, center punch, chisel, shears, cutters, small pliers, box of assorted nuts and bolts, four-inch crescent wrench and set of four open end wrenches.

## SPY SWALLOWS BOLTS AND NUTS

NEW YORK (AP)—Convicted lowed a quantity of rivets, nuts and bolts shortly before being brought here from prison for further questioning on espionage, U. S. Atty. Paul W. Williams announced today.

Soble underwent a 2-hour and 20-minute operation at Bellevue Hospital for removal of the hardware from his stomach.

Physicians reported him doing very well after the surgery.

Soble is in the prison ward at Bellevue under the alias "Jack Socks." His condition was reported as "not serious" and "comfortable." The operation was reported to have been performed yesterday.

A hospital spokesman said the FBI had requested that no information on Soble be given out.

The 55-year-old confessed Soviet agent, who pleaded guilty, was sentenced last Oct. 8 to seven years in prison. He helped federal authorities trace a far-flung espionage ring he had headed for a decade.

He was imprisoned at the federal penitentiary at Lewisburg, Pa.

## Details Of Land Fraud Postponed

MEDIA, Pa. (AP)—A taxpayers' suit to publicize all the details of the canceled Upper Darby land deal has been postponed.

Delaware County Judge Arthur P. Brethrick ordered the postponement yesterday. Brethrick said that no action can be taken on the suit until arguments are heard on preliminary objections. The objections were filed last Friday against the taxpayers' suit. Samuel R. Dickey, Upper Darby Republican leader, and Guy DeFuria, attorney for the Upper Darby Commissioners, had asked

## UNEMPLOYMENT CLAIMS SHOW INCREASE HERE

Although unemployment claims activity has increased considerably, Lawrence Cummins, manager of the Bureau of Employment Security, said that "the overall employment picture in Adams County is not as bleak as it is in some neighboring areas."

Mr. Cummins said that in the fourth quarter of 1957, the number of initial claims for compensation increased by 356, or approximately 30 per cent over the same quarter in 1956.

In the same quarter, the continued claims load increased by 720 or about 29 per cent over the same period in the preceding year.

### "Cautious Optimism"

"A month to month comparison is not possible since the claim load is influenced by seasonal lay-offs from food processing plants," Mr. Cummins pointed out. "For example, the 1956 canning season did not end until February of 1957 while most of the 1957 season was over in December of last year."

"However, an analysis of the various types of activity in the local office would indicate that this year the claimants are coming from a larger variety of industries than last year. There are more lay-offs from construction than in other years than in other years. Also temporary lay-offs and partial unemployment from the apparel industry is also a factor in the unemployment picture."

"Contacts with management from the various industries in the county seem to reflect a cautious optimism about the next few months. As indicated in a national magazine recently, the shoe industry is one of the bright spots in the nation's economy at this time. This opinion seems to be shared by the county shoe manufacturers. Apparel is also expected to turn upward in the next month or so. The economy of Adams County is influenced mostly by fairly basic industries, such as food, apparel and shoes. A large segment of the unemployed in Pennsylvania are from the metal trades and machine shops. Since this type of activity is only a very small percentage of the overall industrial picture in Adams County, we have not been hit as hard as other areas."

PORT WASHINGTON, Wis. (AP)—The Pleasant Valley School — one of the few octagonal schoolhouses in the nation — is up for sale.

The eight-sided school was abandoned last year after the opening of a modern school.

The architect who designed the octagon building in 1905 said the eight sides would give more light for the pupils.

The court for a ruling. The land deal, which had been approved by the commissioners, involved \$100,000 for an incinerator site. The transaction was canceled because of public protest.

## NEGRO STUDENT IN LITTLE ROCK IS EXPELLED

LITTLE ROCK, Ark. (AP)—The Little Rock School Board last night expelled Minniejean Brown, one of nine Negroes admitted to Central High School last fall.

Supt. Virgil T. Blossom, who recommended the action against the 16-year-old girl, said Minniejean could not attend a public school, white or Negro, in the Little Rock district until next September.

The decision to expel Minniejean, who already was under a two-week suspension, came a few hours after Blossom disclosed that three white students — two boys and a girl — were suspended after racial incidents Monday at the 2,000-pupil school.

### Called "Unfair"

W. B. Brown, father of the Negro girl who claims she has been the main target of segregationist students during the five months the Negroes have attended Central, labelled the suspension as "very unfair."

The announcement came about two hours after Minniejean and her parents met with the board in a closed session.

School officials have declined to give reasons for Minniejean's latest suspension. The suspension followed a corridor clash between the Negro and a white girl. Minniejean has said the white girl struck her with a purse after "I called her white trash, because she was bothering me." Minniejean previously was suspended for about two weeks for throwing food on two white boys in the school cafeteria.

Blossom identified the suspended white students as Howard Cooper, Billy Ferguson and Sammie Dean Parker. In accordance with board policy, he declined to give details.

yesterday by two unidentified volunteers who telephoned there was no food or fuel.

A helicopter at Willow Grove Naval Air Station stood by for a rescue flight but winds were prohibitive and the attempt was postponed.

Col. E. J. Henry, state police commissioner, appealed to all state motorists and truck drivers to use their vehicles sparingly and above all not to operate on the snow and ice covered highways without either snow tires or chains. He said disabled and abandoned vehicles were hampering snow removal crews.

### Part Of Pike Closed

The Pennsylvania Turnpike Commission reported its North-Eastern Extension from the Lehigh Valley Interchange to Scranton was still closed by drifting snow. Dr. Richard Gerstell, state civil defense director, said heaviest drifting last night occurred in Lancaster, Lebanon and Chester counties and northwest of Allentown on U.S. 309 and 22, in the Fogelsville areas.

Highways Superintendent Thomas Gay, stationed at Honesdale, said a crew of 180 men with 15 bulldozers and 34 trucks was working around the clock in Wayne County.

"We are making some headway," despite stinging blasts of wind — up to 40 miles an hour — "but if only this wind would die down," he added. All stores, businesses and schools were closed again today in Wayne County. Gay said two separate crews riding in a convoy with three plows each were making emergency runs off Route 6 with doctors delivering babies and attending to the seriously ill.

### Rescue Too Late

The two Highway Department officials found dead in their car in Montgomery County were Paul Wolfe, 50, and Francis Leahy, 57. They had telephoned headquarters in Norristown seeking assistance after getting stuck on Route 363 near Center Point. They had set out to deliver paychecks to department personnel unable to get back to Norristown.

A rescue team was dispatched but when they reached the spot last night the men were already dead. A coroner's report said they had been asphyxiated.

The state's residents opened their hearts and their pocketbooks to stranded travellers and others hard put by the storm.

### 1,000 Stranded

The little Chester County town of Oxford, near the Maryland border, took on the Herculean task of feeding and housing an estimated 1,000 motorists who were halted on snow-clogged U. S. 1.

The community's 3,200 residents did their best to make their unexpected guests comfortable, housing them in churches, club buildings and private homes.

Civil Defense Director John Roberts reported: "We're rationing staples like bread, milk, butter and eggs and we're trying to ration other foodstuffs, too, but while it all adds up to quite a problem, everyone is cooperating in a fine spirit."

From his headquarters in Harrisburg, last night, Dr. Gerstell painted a picture of the sometimes hopeless task faced by the weary army of men who manned the plows and bulldozers. Pointing to a highway map he

## Reds Refuse To Surrender Big Airliner They Seized

PANMUNJOM, Korea (AP)—The North Korean Communists today rejected the U.N. Command's demand for return of a South Korean airliner and 34 persons aboard it and insisted that President Syngman Rhee's government negotiate directly with the Pyongyang Reds.

Communist spokesmen adopted this position at a meeting of the Military Armistice Commission secretariat on the fate of the twin-engine DC3 airliner presumably forced across the Red border Sunday with two American pilots, a West German couple and 30 Koreans aboard.

A South Korean Foreign Ministry official labeled the Red demand "impossible." South Korea did not sign the armistice agreement suspending the Korean War and has refused to recognize the existence of the Communist regime. Any direct negotiations would constitute de facto recognition.

### Claims Defection

Col. Kim Joon Kyung of North Korea claimed at the secretariat plane had "defected because they could not stand any more of the U. S. aggressive policy against South Korea." Kim said the issue was not a proper subject for consideration by the armistice commission.

The Communists also refused to accept from Kehl a list of the crewmen and passengers aboard and an inventory of the cargo.

The pilot was Willis P. Hobbs, Vallejo, Calif., an American civilian employed by the Korean National Airline. A U.S. Air Force officer, Lt. Col. Howard W. McClellan, Buchanan, Mich., was flying as copilot to log additional flight time.

They were believed forced to fly to North Korea by Communist agents in disguise aboard the plane, which was bound from Pusan to Seoul.

## Snow, Cold Cause At Least 182 Deaths; See No Relief

By THE ASSOCIATED PRESS

Numbing temperatures today gripped the eastern section of the nation—still trying to dig out from the weekend's heavy snowfall. Even the South had below-freezing weather.

The mercury dropped to 29 below in Lebanon, N.H.; 27 below at Newport, Vt.; and 25 below in northern New York.

At least 182 deaths across the nation were attributed to the snow and cold.

No immediate relief was in sight from the protracted cold spell—now in its 10th day.

At the Newark, N.J., airport the thermometer has not been above freezing since Feb. 8.

### Schools, Businesses Close

Schools were closed in many communities, and businesses were shut in some.

Motorists who had trouble getting through snowdrifts during the week now had the added problem of trying to get their cars started in the frigid weather.

The Pennsylvania Railroad said westbound trains were three to four hours late, and eastbound one to two hours late.

Below-zero temperatures were the rule rather than the exception in most of New York State, though New York City's lowest reading was four above.

Many Zero Readings Saranac Lake and Sullwater Reservoir, in upstate New York, had 25 below reading to match there 25 or more inches of snow. Other below zero readings in New York State were: Glens Falls 22, Albany 18, Oneonta and Plattsburgh 13, Syracuse 6 and Buffalo 4.

By a strange quirk, the temperature at Caribou, Maine, often a cold spot, was 17 above, warmer than some parts of the Deep South. Southern temperatures included Augusta, Ga., 12 above; Charleston, S.C., 14 above; and Savannah, Ga., 15 above.

New England temperatures, all below zero, included Montpelier, Vt., 26; Portland, Maine, 16; Burlington, Vt., 18; Concord, N.H., 7; Boston, 4; and Bradley Field, Conn., 5.

25 Families In Gym Twenty-four families in Stamford, Conn., were given shelter in a high school gymnasium after the heating systems failed in two tenement houses they occupied. The temperature was zero.

The temperature in New Jersey dropped to 10 above at High Point. About 500 motorists in East Orange, N.J., finally dug their automobiles out of snow drifts and found each had been tagged with an overtime parking ticket.

The cold spell in Washington, D.C., was its worst in 16 years. The temperature dropped to five above in the District, which had a 14 inch snowfall Saturday. Public schools in the area were closed for a second day. Government workers had another holiday, this time at Uncle Sam's expense. Those who stayed out yesterday were docked a day's leave.

Farm Without Heat Middleboro, Ky., not only had zero weather, but a third of the coal mining town was without heat, awaiting emergency supplies of heating gas.

A shortage of natural gas caused hundreds of schools and industries to close in Georgia.

said: "I had it brought up to date at 4 p.m. and already, four hours later, it's out of date. The snow is drifting in and closing roads right behind the plows. And more storms are forecast for Tuesday," he added.

No significant gains would be made in the highway situation, he said, until the winds subside. Schools were closed again today in many communities. Officials in Philadelphia, where public and parochial schools started an hour later than usual yesterday, decided the near zero weather and biting winds were too much for the youngsters, and announced all schools would be closed today.

## SAYS U. S. HAS LOST A ROUND TO RUSSIANS

CHICAGO (AP)—The Army's top missile expert says Americans have "lost a round" to the Russians and "cannot afford to lose much more" if they hope to survive.

Dr. Werner von Braun last night gave this appraisal after saying that the Pentagon has agreed to finance "five different firings involving satellites or other space projects."

But he declined to elaborate on the nature or immediacy of the launchings, saying, "We believe very strongly in cackling only after we lay our eggs."

### Not Sitting On Hands

Von Braun, who is chief of research and development of the Army's Ballistic Missile Agency, told a news conference when asked about the five projected firings: "We are not sitting on our hands."

Later, the missile expert told the National Military-Industrial Conference at a dinner meeting: "I would recommend that we brace ourselves for other Soviet 'firsts' in the new field of astronautics."

"We are behind and we cannot catch up in a day or two. It will require several years of concentrated effort to come abreast, and even longer to pull ahead."

Can't Afford To Lose "Perhaps the launching of Explorer helped to redeem our promises, but no amount of explanation or justification can hide the fact that we have lost a round. We cannot afford to lose much more."

On the heels of Von Braun's remarks to the conference, Walter Williams, undersecretary of commerce, said today the nation's industry is ready to meet the Soviet missile challenge.

In a prepared address, Williams said: "While projected production schedules are secret, the immense facilities and production know-how of American industry, when given the green light, can start turning out long-range ballistic missiles at a rate damaging to any potential adversary."

### Nuclear Materials Cautious

Williams said the Atomic Energy Commission "indicates an abundant supply of nuclear materials is available for intermediate range ballistic missile warheads."

He mentioned no dates or other details of missile production plans.

He said the world's first nuclear propelled merchant ship is expected to go into service in 1960. He said the new U.S. vessel will be able to travel 100,000 miles without refueling.

## Curtail Gas To Industrial Users

The Manufacturers Light and Heat Company has curtailed service to industry, President J. C. Peterson announced today.

He said the move was necessary to conserve gas for residential heating customers.

"People come first," he explained, "and our industrial service is interruptible for this reason. Most plants have stand-by fuel sources to carry through such emergencies."

Peterson said the action was taken to maintain gas supplies for a possible sub-zero stretch this week.

For ten days the company "has moved unprecedented volumes of gas in the longest period on record," Peterson said.

## Resists Hospital Care After Rescue

PLEASANT GAP (AP)—Five men battled snow drifts for 12 hours yesterday to reach an elderly man whose doctor said he should be in the hospital. When they got to his isolated home near Coyer, however, he refused to go.

Four local volunteer firemen and another doctor made the trip in the fire company ambulance. A snowplow had to clear three miles of a rural road to the man's house.

The ambulance driver, James May, said the doctor treated the man at the scene and they left without him. May said the man's regular doctor had thought that the man's condition and the storm conditions warranted placing him in the hospital.

## DRAW 41,000 FROM GERMANY

BERLIN (AP)—The U.S.S.R. is withdrawing 41,000 men from East Germany in the next month, the Soviet army commander in East Germany said today. Allied experts estimate that is about a tenth of the Soviet troops in the satellite.

Gen. Mavey W. Zakharov told the official East German news agency ADN that two mechanized divisions would be pulled back as part of a general reduction of forces in satellite East Europe.

Other units to leave by the middle of March will be an anti-aircraft division, five independent anti-aircraft brigades and three artillery brigades, Zakharov said. He added that all would be sent home with their weapons and demobilized, and that Western newsmen would be invited to the departure ceremony.

The Soviet force in East Germany, about 400,000 men including some 22 line divisions equipped with nuclear weapons, is the main Soviet striking power facing NATO nations. The troop reduction was described as part of the over-all Russian army cut of 300,000 men announced last month.

## REPORT GREEN BACKS FURMAN FOR GOVERNOR

HARRISBURG (AP)—Reports increased today that U.S. Rep. William J. Green has privately committed his Philadelphia Democratic organization to Lt. Gov. Roy E. Furman for the May 20 gubernatorial primary contest.

Amid reports that Green's pledge of the Philadelphia Democratic Executive Committee was an important factor in Mayor Richardson Dilworth's decision to withdraw from consideration as a candidate, Rep. Hiram G. Andrews of Johnstown added fuel to the speculation.

The State House minority leader, an avowed Furman supporter, called on Gov. Leader to "open the door . . . take Furman off the proscribed list," adding:

"There isn't even the flicker of an indication that the Philadelphia organization that is now standing steadfast in Furman's corner will change its mind."

Furman Talks With Green

The Pittsburgh Post-Gazette noted this was the first statement from a "responsible Democrat of statewide repute" that Green is committed, privately or otherwise, to Furman.

Furman met with Green last Friday but said afterwards it was "premature" to disclose the results of that talk although he said it had been satisfactory.

Leader has said that Furman does not meet the governor's qualifications for his successor while Dilworth did.

Speculation as to Leader's choice for the job now that Dilworth is out mentioned Atty. Gen. Thomas D. McBride among others. McBride, a Philadelphian, said yesterday that he has not been approached by anyone about seeking the nomination.

"I think it would be both pompous and presumptuous if I were to accept or reject what I have not been offered," McBride told a newsmen sounding out his feelings on the governorship.

On the Republican side, a member of the State GOP Finance Committee last night said Harold E. Stassen's bid for the party's gubernatorial nomination was an "attempt to save the last of his nine political lives."

Raymond Pitcairn said "there is no support for Stassen in this state from the political leaders and certainly there is none from the rank and file of the party." He added:

"He has had many political setbacks but like a cat seems to land on his feet."

Stassen last Saturday announced he had resigned as President Eisenhower's disarmament advisor to run for the Republican gubernatorial nomination in Pennsylvania.

FIFTY YEARS AGO

**Very Creditable:** The editor of the "New Oxford Item," H. I. Smith, being unable to give the paper his attention last week, and his foreman and compositor, F. S. Smith, being sick, the "Item" was gotten out by the editor's 14-year-old son, Henry Jacob Smith. Henry not only distributed all of the type of the previous issue, but set the greater part of the type, read and corrected the proofs, etc. a task that cannot be credited to many boys of his age.

**Our Flag Now Contains Forty-six Stars:** This is evidence of a new state having been admitted to the Union—Oklahoma. A good flag with forty-six stars is a splendid asset for future celebrations. The Philadelphia Press offers a flag three by five feet, stripes sewed, not painted, fast colors. Forty-six stars with the Daily Press one year for Three Dollars and Fifty Cents — ADVT.

**General Local Jottings:** George M. Rice, a member of the Senior class of College, and a son of C. S. Rice, Arendtsville, recently passed the preliminary examination before the State Board of Law-Examiners and a certificate has been awarded him by the Board of Examiners of this county that he is sufficiently prepared and qualified to study law. He is registered as a student in the office of W. C. Sheely, Esq.

The Gettysburg Prep basketball team lost to the York High School team last week by the score of 44 to 22.

About 50 pipe line laborers arrived here Tuesday and were taken to Goldenville where the work on laying an extra line started. A new mail and express car adds to the appearance of the morning train on the Reading Road.

**Fairfield Items:** This section was visited by one of the worst floods in its history last Saturday, everything was under water from Boyd's Alley to Neely's store in this place. The damage done was very slight. Some fences washed away and roads washed at some places.

The ladies of Zion's Evangelical Lutheran church will serve a first class dinner on Saturday, February 22, in Odd Fellows hall and in the evening of the same day will hold their annual chicken and waffle supper. All are most cordially invited.

Several of our residents have purchased pianos. D. B. Rock was awarded the contract for lighting the borough lamps for the coming year, beginning March 1st.

The intermediate and primary schools of this place will give a joint entertainment in the public school house Friday evening, February 28. An admission fee of five and ten cents will be charged, proceeds to be used for school purposes.

**Arendtsville Items:** Last week there were four funerals in this place. On Wednesday, Harry, aged three years, son of Willis Hartman, near this place, and Miss Susan Hartzell, of near Cashtown; on Thursday, Samuel O. Reed, of this town, and Mrs. Theodore C. Orner, of Mechanicsburg.

The heavy rain and snow melting last Saturday raised the Conewago creek greatly. The heavy ice left and blocked the public roads at several points that will require a great deal of labor to open them. Plus S. Orner made a business trip last week to Allegheny and several other points in the northern part of the state.

**Local Miscellany:** "The Tiber" was very high Saturday morning and a student of college in a wader removed his coat and swam from Washington to Carlisle street. The Gettysburg Chapter of D.A.R. will have a Colonial Tea in the Winter's building February 22 at 5 p.m.

**Anti-Saloon League Meetings:** Local Option is going to be a live issue in Adams county this year. The Anti-Saloon League has been stirring up matters in Gettysburg recently.

## Today's Talk

### JEALOUSY

I have never understood how anyone could be jealous of another. A jealous person admits his or her inferior standing by expressing his or her jealousy. We should be pleased over the good fortune of another. If we perfect ourselves to the extent of our ability, and have enjoyed that success, why shouldn't we gladly share the acclaim with others, especially with those far above us in fame or ability?

Jealousy is such a poisonous thing to throw around. It is bound to touch the worthy, unknowingly, I am sure.

Most of our great artists, musicians and actors, as well as our many leaders in sports, have habitually shown their fine sportsmanship. The world loves the good loser quite as much as the good winner, for the loser all too many times comes back to be the winner!

People's cheers go out to the losers. How little, if any, jealousy is ever displayed. A fine spirit exists. As marked in the recent Olympic Games.

There is probably more jealousy in politics than anywhere else, but even that fades out in time, and is usually replaced with genuine good will, as it should be.

Tomorrow Mr. Adams will talk on the subject: "Why Not Try God?"

## Just Folks

### IMAGINATION

What is it piles up woe on woe  
Throughout the blessed nation?  
What is it worries people so?  
It's just imagination.

What makes a fellow rave and rant  
And view with frowns his station?  
What makes him feebly say:  
"I can't!"  
It's just imagination.

What makes a task seem hard to do?  
What causes hesitation  
By men who face a problem new?  
It's just imagination.

And what makes other people grin  
At cares of brief duration,  
And gives them pluck to fight and win?  
That's just imagination.

## Littlestown

## "COUNTRY GIRL" TO BE GIVEN AS LIONS' BENEFIT

The Littlestown Lions Club will sponsor the Hanover Community Players in Clifford Odets' two-act drama "The Country Girl," on Friday at 8:30 p.m. at the Littlestown High School auditorium. The presentation is for the benefit of the Lions Club \$600 pledge to the Warner Hospital Building Fund. This is the club's first fund raising project toward this pledge. Tickets are 50 cents for adults and 35 cents for students. The tickets may be secured from any member of the Lions or at the door on Friday.

Cast as Frank Elgin, an actor attempting a comeback, is Ned Rutledge, with the part of George, in the play, portrayed by his wife, Jean Rutledge. The production takes its title from the character of George Elgin. Ned Rutledge's voice is familiar to radio listeners in the area as program director and announcer for station WHVR. Mrs. Rutledge is cast in the role of the wife of an undependable actor.

The part of Bernie Dodd, young, ambitious director of a Broadway play, is portrayed by Charles Long, of New Windsor, Md. Formerly associated with the Studio Players in Lexington, Ky., he made his debut with the Hanover players in their last production.

In supporting role are Dr. Frank Glick as Phil Cook, the pessimistic producer of a Broadway show; Mari Garrett, generally associated with technical phases of the Players productions, cast as Mary, the stage manager of the Broadway show; William Buehrle, who directed the last Players' performance, as Paul Unger, the gentle-natured author of the play in which Elgin is to star. Julie Mudge Stine, who has worked with the group since her high school days, will play Nancy Stoddard, an unassuming ingenue, and Fred Stine, back with the group after a term in military service, will take the part of Ralph, Elgin's dresser. Members of the Lions will be asked to give a report on the progress of their ticket sales at the Rotary-Lions dinner meeting this evening.

## NEW STORM OF STATISTICS AND "DOWN" TRENDS

By SAM DAWSON  
NEW YORK (AP) — A new storm of unpleasant statistics and a falling trend in many business barometers is adding today to the general February dreariness.

Businessmen take what comfort they can from the knowledge that February often is the low month—with better days usually lying ahead.

Barometers that businessmen watch aren't always infallible. But so far most point to a continuing down swing. Here are a few: Machine tool orders point to what industry expects to do about expansion several months ahead. Orders have been falling for some time—and are now far below the amount of shipments of tools ordered months ago.

Consumer buying habits show up in the statistics of retail trade. But they also reveal themselves in

tell how much factories are shipping and how much they expect to ship. The American Paper and Pulp Assn. reports production off from a year ago and the industry's profits averaging about 18 per cent lower than in 1956.

Inventories in general are always watched as a barometer of future business. Statistics—pointing backward—show that they were still high enough last month for many, if not most, business firms to live off them. When business reverses itself and starts ordering to rebuild inventories, it will be one of the best indications that better times are coming.

Latest figures on industrial output show it at the lowest point since February 1955—that month again. Cut back most were the schedules in factories making durable goods. There, too, were the greatest number of layoffs.

**New Buying Off**  
Metals form one of the better barometers. Some steelmen think orders should pick up in March, but whether more than just the usual gain from dreary February they don't venture to guess.

Consumer buying habits show up in the statistics of retail trade. But they also reveal themselves in

the trend of installment buying. Latest reports show the rate of repayment of installment loans growing apace, while the rate of new installment buying has slowed almost to a walk.

## TRUMAN APPEAL AIDS PRISONER

INDEPENDENCE, Mo. (AP) — Harry S. Truman helped get a release yesterday for a man who was carrying a gun when he was arrested near Truman's office Saturday.

Circuit Judge Ben Terte dismissed a charge of carrying a concealed weapon against Richard Paul Goff, 33, Altoona, Pa., with the understanding Goff will get mental treatment in a Pennsylvania state hospital.

The judge was handed a letter from Truman, who expressed hope the man could get medical care. The former President wrote that he talked with Goff and apparently the man had an irrational belief Communists and police were against him.

Goff was released in the custody of Sheriff B. Paul Reed of Pennsylvania's Blair County and

## Mayor Dilworth Is Fined For Speeding

MAYS LANDING, N.J. (AP)—Mayor Richardson Dilworth of Philadelphia was ticketed for speeding here last week, it was disclosed yesterday.

A summons issued by Mays Landing state police charged the mayor with driving 60 miles an hour in a 50 mile zone on the Black Horse Pike.

A check for \$13—\$10 fine and \$3 costs—was received by mail from Dilworth Feb. 11 at the Hamilton Township Municipal Court.

## WANT LAWLER REINSTATED

MEDIA, Pa. (AP)—The Democratic chairman of Delaware County has called on the State Highway Department to reinstate Joseph P. Lawler, ousted state superintendent of highways in the county, pending action on the complaint against him.

In a telegram yesterday to State Secretary of Highways Lewis M. Stevens, Charles J. Hepburn Jr., urged that Lawler be called back into service to deal with the emergency caused by the snowstorm. Lawler was hired recently on charges that he hired contractors for snow clearance on his own authority.

Hepburn said lack of equipment is still crippling Delaware County snow removal. He said James Brennan, who was named acting superintendent in the county, reported that contractors are asking from 18 to 50 dollars per hour for equipment.

It was also reported that Brennan was unable to persuade the state secretary of highways to increase the rates to contractors for snow clearance.

STILLWATER, Okla. (AP) — Andrew Po, a Hawaiian studying soil chemistry at Oklahoma State, turned the tables on western barbecue lovers here.

After sampling Oklahoma barbecue, he sent away for several ingredients and treated the natives to barbecue Hawaiian style. He cooked two 135-pound pigs, taking eight hours and 200 pounds of charcoal.

they left immediately.

Goff told police he wanted to talk to Truman Saturday about getting a government job and was carrying the gun to protect \$600 he had in his pocket.

## IKE WORKING ON FOREIGN AID SUPPORT PLEAS

THOMASVILLE, Ga. (AP)—President Eisenhower is working on two appeals for congressional approval of his already embattled \$3,900,000,000 foreign aid program.

The President, taking part time off from vacation relaxation for preparation of the appeals, plans to send the lawmakers a special message plugging that program either later this week or early next week, his headquarters announced today.

Press secretary James C. Hagerty said Eisenhower is putting the message into final form and also has been working on a foreign aid speech he will make in Washington a week from tonight.

### Take 40-Mile Drive

Eisenhower continued to hope he may finally be able either to play golf or get in a bit of quail hunting—something the weather has prevented since he arrived from Washington last Thursday.

The President is the guest of George M. Humphrey at the former secretary of the Treasury's big plantation estate.

Eisenhower—still bothered some by a cold—finally did get outdoors for the first time for more than a few minutes.

He and Mrs. Eisenhower motored 40 miles northwest to Newton, Ga. There they visited for about an hour with Robert Woodruff, board chairman of the Coca-Cola Co., at Woodruff's home.

# SPORTS

## Sports Picture For Tonight Virtually Erased Because Of Poor Traveling Conditions

A wave of Adams County sports postponements and cancellations have been brought on by the snowstorm and hazardous traveling conditions.

Two South Penn. Basketball League games have already been postponed from tonight until Wednesday evening.

Gettysburg and Mechanicsburg will meet on the Wildcats' floor Wednesday while Hershey will play at Middletown the same evening. There is also a possibility the Chambersburg - Carlisle game at Carlisle will be postponed. At a late hour this morning Shippensburg and Waynesboro planned to play their game at Waynesboro.

**Delone Game Wednesday**  
Delone Catholic High and Hanover have postponed their game until Wednesday evening at 7:15 o'clock at Hanover.

In the Adams County League at least one game is definitely postponed, the Littlestown-at-Fairfield contest. It has been re-scheduled for next Monday. It is extremely doubtful if New Oxford will journey to Newville to meet Big Spring.

James Buchanan of Mercersburg was scheduled to play at Biglerville tonight but that game has been postponed indefinitely with a strong possibility it will be cancelled out entirely.

Bucknell University's wrestling and swimming teams are scheduled to come here to meet the Gettysburg College Bulldogs this evening. Those affairs were still on at a late hour this morning. The wrestling meet is scheduled to start at 8 o'clock.

## Judge Sheely To Speak For Firemen

Judge W. C. Sheely will be the speaker this evening at the annual ladies' night to be held by the Gettysburg Fire Department at the Moose Lodge, York St., at 6:30 o'clock.

Robert Neary, general chairman for the dinner, said the committee had agreed to go ahead with plans for the dinner despite blizzard conditions because all members of the fire department reside within the town, or immediately outside the borough limits and as a result can attend despite drifts which have closed rural roads.

Past President William G. Weaver will serve as master of ceremonies for the program. Following the dinner, a floor show and dance will be conducted with Bud Codori's Quintet providing the music.

### TROUDT HOOKS PRIZE

DENVER (AP) — Fittingly, a man named Trout was a big fish contest. Harold C. Trout of Cheyenne, Wyo., landed a rainbow trout weighing 11 pounds, 11 ounces, that gave him such prizes as an aluminum fishing boat, an outboard motor and a three-day trip to the Glenwood Springs, Colo., fishing area next summer.

## RACE SHAPES UP FOR CINCINNATI, KANSAS STATE

By ED WILKS

The Associated Press  
Oscar Robertson may not be gaining ground in the race for the scoring title, but he's triggering Cincinnati's late surge in the Associated Press poll that could set up a storybook showdown with NCAA major college basketball tournament.

Robertson, still less than a point behind Elgin Baylor of Seattle in scoring, counted 43 last night as Cincinnati whipped Drake 96-64 for a 19-2 record and an 11-game winning streak.

That string hoisted the Bearcats from third to second in today's AP poll and left Kansas State and Cincinnati well ahead of the field.

**Kansas State 17-1** picked up 33 first-place votes to Cincinnati's 37, but pulled in enough support on points (based on 10 for first, 9 for second, etc., down to 1 for 10th) to edge the Bearcats 980 to 971.

Once-beaten West Virginia slipped to third in today's rankings, but won its 21st last night in a 98-66 decision over Detroit.

Kansas, ranked No. 4, moved within 1½ games of Kansas State in the Big Eight as Wilt Chamberlain scored 34 in an 84-69 victory over Missouri. The Jayhawks now are 16-3.

**20th For Dons**  
San Francisco (No. 5) won its 20th in 21 starts, smacking Fresno State 66-59. But Oklahoma State (No. 8) was knocked off by 15th-ranked Bradley 57-43.

Oscar now has scored 706 points in 21 games for a 33.6 average. Baylor has 654 points in 19 games for a 34.4 average. Chamberlain, third in scoring, now has a 31.4 average with 534 points in 17 games.

Michigan State retained its Big Ten lead by defeating Michigan 79-69. Kentucky took charge in the last six minutes for a 66-61 decision over Vanderbilt. Louisiana State upset Alabama 56-49.

**How They Stand**  
California retained its half-game edge over UCLA and idle Oregon State for the Pacific Coast Conference lead by defeating Stanford 67-59.

The standings with first-place votes in parentheses:

1. Kansas State (33)	980
2. Cincinnati (37)	971
3. West Virginia (27)	859
4. Kansas	668
5. San Francisco (2)	648
6. Temple (13)	529
7. Duke (6)	518
8. Oklahoma State (1)	387
9. N.C. State	215
10. Notre Dame (2)	153
The second 10:	
11. Dayton	136
12. Michigan State	93
13. Kentucky	86
14. Maryland	84
15. Bradley	83
16. North Carolina	48

### APPROVE CHURCH MERGER

HARRISBURG (AP) — Merger of the United Presbyterian Church and the Presbyterian Church in the United States today had the approval of Pennsylvania members of the latter church.

The Pennsylvania Synod approved the merger, which is to be effective in May, at a meeting here yesterday.

The United Church has two synods in the state — the First Synod in the West and the Pittsburgh Synod.

**SCRANTON, Pa. (AP)** — The weekend snow storm and the frigid followup weather conditions has caused the postponement of the scheduled meeting here today in Gov. Leader's series of "crash" economic program sessions.

The Scranton meeting will be held March 7, it was announced yesterday.

**John M. Burgard**  
John M. Burgard, 80, husband of the late Annie M. Wisler Burgard, died Sunday at 2 p.m. at the home of his son-in-law and daughter, Mr. and Mrs. Harold M. Boyer, East Berlin R. 3.

In addition to his daughter he is survived by a son and three other daughters, Charles E. Burgard, East Berlin R. 3; Mrs. John Ellicker, East Berlin R. 1; Mrs. Benjamin Uplinger, Dillsburg R. 1, and Mrs. Melvin Trostle, East Berlin R. 1; 15 grandchildren; a sister, Mrs. Annie Mummert, East Berlin, and a brother, Michael B. Burgard, East Berlin R. 3. A retired farmer, he was a lifelong resident of Paradise Township, York County. He was a member of the Lutheran congregation of Paradise (Holtzschamm) Union Church.

His pastor, the Rev. George A. Clark will officiate at services Wednesday at 2 p.m. at the Emig Funeral Home, East Berlin. Burial will be in the Holtzschamm Union Cemetery. Friends may call at the funeral home this evening.

**CORRECTION**  
The Jacobs Brothers truck which collided with a car of Victor "Swiftly" Palmer over the weekend at Howard Ave., skidded into the Palmer station wagon and not vice-versa as reported Monday.

## MIKAN NOW ON OTHER SIDE OF BASKETBALL

By JIM KLOBUCHAR

MINNEAPOLIS (AP) — The big fellow with horn-rimmed glasses and disarrayed business suit squirmed on the bench in the anguish of a man wrongly condemned.

Rookie Coach George Mikan of the Minneapolis Lakers was suffering through another defeat.

Coaches die hard in the tough National Basketball Assn., but nobody suffers quite like Mikan.

The big man is learning the coaching trade the hard way.

As a player, Mikan met the opposition and haggled with the officials from a position of steadfast strength. His hell-bent style of combat and scoring genius made him the greatest figure in pro basketball.

As the coach of a losing team George now moves at a different level, grubbing with the rest of basketball's mortals for whatever advantages he can get his team.

It's a comedown, but Mikan, now 33, accepts the ground rules.

"The toughest part of this business is learning you can't do anything physically to help the team anymore," says Mikan. "It's brutal to stand by and watch."

Mikan in a losing game is one of the sights of the NBA. He operates in an atmosphere of fulltime rage, blustering and growling at the officials, shouting and waving his arms.

With respect to his own players, Mikan is an unabashed rah-rah type of coach. He is the wildest cheer leader in the league when things are going right, and a comforter for his warriors when they go wrong.

He's no namby-pamby, with them, however. Once when one of his players looked inordinately tired Mikan snapped, "What are you doing, waiting for me to come in?"

The player developed a sudden burst of energy after the timeout.

With his appointment as coach this season, Mikan scored an unprecedented grand slam. As a 6-foot-10 scoring star of the 1940s and early 1950s, he was the most acclaimed player in basketball history.

He quit the Lakers as a player three years ago to devote full time to law. But he bounced back a few months later as general manager, and then tried a comeback as a player near the end of the season.

A year ago Mikan cut all ties with the Lakers in an unsuccessful race for Congress. When the club was put on the block last spring he offered to buy it on the installment plan. The Lakers were sold to a group of businessmen, who promptly gave ex-player and ex-general manager Mikan the coaching job.

The present Minneapolis club is a collection of NBA castoffs, a few oldtime Lakers, and two or three promising young players. In its current form it has little future in the league.

But don't tell that to a bellowing competitor like Mikan.

## Cleveland's Moore Tightens Ice Race

NEW YORK (AP) — Cleveland's Jimmy Moore has tightened up the American Hockey League scoring race while moving into second place behind pacesetter Willie Marshall of Hershey.

Marshall failed to collect a point in two games last week. Moore produced six to displace Hershey's Dunc Fisher as runner-up.

Marshall has 80 points, nine more than Moore, whose output is 71. Fisher has 69.

Goal-keeping laurels still belong to Cleveland's Johnny Bower, who has yielded an average of 2.28 on 123 goals allowed in 54 games. His seven shutouts also are tops.

## ACE ARMSTRONG WINS ON POINTS

NEW YORK (AP) — Getting a crack at the sergeant is something most Army privates dream about.

Gene (Ace) Armstrong realized the opportunity belatedly last night when he decisively outpointed the topkick, Charley Joseph of New Orleans, at St. Nicholas Arena in a telecast 10-rounder.

The rangy, 26-year-old boxer from Elizabeth, N.J., unbeaten as a pro, chalked up his 14th straight. Joseph, 24, who is ranked as the No. 9 middleweight contender by Ring Magazine, suffered his eighth loss. He has

PROVES MAN IS  
READY TO TRY  
SPACE FLIGHT

SAN ANTONIO, Tex. (AP)—Airman Donald G. Farrell completed seven days in a make-believe space ship on Sunday and came out saying "I believe anyone could have done the same thing."

Scientists at the school of aviation medicine at Randolph Air Force Base jubilantly agreed that the 23-year-old native of the Bronx, N.Y., had just proved that man is ready for space flight.

"There was one strange sensation," Farrell said after a solid week in a hermetically sealed tank that represented the cabin of a space ship.

"I couldn't whistle." Other than that the calm volunteer reported few physical or mental discomforts on being locked in the tanklike experimental space cabin. He could not see or hear what was going on outside.

He did not think the clustered researchers could hear him. However, it was revealed during the tests that he could be heard by special microphone that was recording his report on paper.

Only by checking his watch and marking a calendar was he able to tell if it was day or night.

**Real Fear Missing**  
"I didn't feel in the true sense that I was on a space ship," he said. "I realized that I was on the ground at all times. There was no fear such as there might be in a real space ship. Other than that it simulated a real space ship flight."

Space test experts explained

Louis St. Laurent  
Will Quit Politics

QUEBEC (AP)—Louis St. Laurent, grand old man of Canadian politics, last night announced his retirement from political office.

The 76-year-old former prime minister said he would not seek re-election to Parliament in the general election March 31. He said his health was too uncertain.

St. Laurent resigned as prime minister last June after his Liberal party lost its first national election in 22 years. On Sept. 6 he announced he was giving up the party leadership, which a convention last month gave to Lester B. Pearson.

The French Canadian leader is expected to practice law in Quebec with two sons.

Finds New Way To  
Clear Fire Hydrants

PITTSFIELD, Mass. (AP)—Dan Healy, announcer for radio station WBRK, came up with a new way of getting fire hydrants clear of snow.

After some two feet of snow fell, Healy announced he would mention on the air the name of any youngster who shoveled out a fire hydrant.

Before night fall 110 hydrants had been cleared by young volunteers in four communities.

that Farrell's nonwhistling ability stemmed from the fact that a simulated 18,000-foot altitude was maintained in the space chamber.

Farrell's other comments on the test included: "I lost four pounds—but I could afford to lose four pounds. I only weigh 181 now. 'At no time did I get bored."

**No Fuss**  
"I was kept busy enough that there was no thought of personal discomfort."

"I kept a diary and put in everything that transpired."

"I got a little bit tired."

"Really and truly, I could like to make a trip to the moon."

"It would be easier if there were someone with you but that is just my personal opinion."

Farrell crawled into the 3-by-5-foot cabin with no more fuss than a Sunday motorist getting into the family car. He emerged in almost the same fashion. His eyes looked red as if strained by two glaring bright lights that burned night and day for the benefit of a battery of cameras designed to record his movements.

James  
MARLOW  
Reports

The Associated Press

WASHINGTON (AP)—There'll probably never be a summit conference if President Eisenhower and Soviet Premier Bulganin keep on writing each other letters about it. Their letters sound increasingly bitter. They've reached a dead end.

After two months and five letters—three from Bulganin to Eisenhower, two from Eisenhower to Bulganin—the two heads of government have arrived exactly nowhere. They've agreed on nothing except that peace is better than war.

But they can't agree at all on how to sit down together to talk about peace. Bulganin made proposals. Eisenhower made proposals. Neither has budged from his own position. Neither shows any signs of doing so.

**Neither Private Nor Helpful**

Both men have used their letters for propaganda by publicly releasing them as soon as they sent them. Thus their correspondence is neither private nor productive.

Both men are probably fed up with the long-winded exchanges. Eisenhower is. He plainly suggested it's time to cut out the letter writing and try something else.

There's been talk in Washington for weeks now that the Eisenhower administration—despite the barren results of the letter writing—is reconciled to the idea that a summit conference will be held this year, perhaps in the summer.

But Eisenhower's latest letter to Bulganin—sent yesterday—shows no signs of it. He practically accused Bulganin of being either a windbag or a phony.

**His Suggestions**

All this doesn't necessarily mean the end to efforts toward a summit meeting. Although Eisenhower indicated he's getting bored with the letter exchanges, he held open a door.

He suggested:  
1. Some arrangements for a summit meeting might be worked out through the American ambassador in Moscow and the Soviet ambassador here. Arrangements in this case mean some agreement on what should be discussed at the summit.

2. The foreign ministers might try to work out something. On this one point Eisenhower seemed to yield a point. He didn't say Secretary of State Dulles and the Soviet foreign minister would have to meet.

BULGANIN NOT  
EXPECTED TO  
FOLLOW ADVICE

By JOHN SCALI

WASHINGTON (AP)—Diplomatic officials said today it is quite likely Soviet Premier Bulganin will ignore President Eisenhower's advice and keep firing public letters at the White House.

If he does, they said, Eisenhower would have no choice but to answer the notes just as publicly.

Silence, it is felt, would only allow the Soviets to win a high-level propaganda war without a contest.

**No More Welcome**

These officials discussed this outlook in the wake of the strongly worded Eisenhower letter to Bulganin which the White House made public yesterday.

The Eisenhower message virtually told Bulganin further letters from him on the subject would be unwelcome. Eisenhower suggested instead that the remilin leaders concentrate on "less formal and less publicized contacts" if they genuinely want to improve relations and arrange a summit conference.

The Eisenhower letter, easily the toughest in tone he has sent to Bulganin in the past two years, clearly reflected his view that such communications should not be used for propaganda in the cold war.

**Makes Comparison**  
Eisenhower compared the pro-

snow covered roads in their effort to reach the scene in time to save the building. The fire was attributed to an overheated flue.

Storm-Delayed  
Journey Resumed

HARRISBURG (AP)—Two California officers resumed their storm-delayed journey back to their home state last night with Paul Weller, accused murderer, in custody.

Hollis G. Hartley, assistant district attorney for San Bernardino County, Calif., and Lt. Barton Keene, of the county sheriff's office, left here with Weller by train for Pittsburgh where they planned to pick up a commercial airlines flight to California today.

Harrisburg state airport is snow-bound. The officers had been waiting to get a flight out of here with their prisoner since Saturday.

Weller of Middleburg, Pa., is wanted in connection with the murder of Michael James Shickel of Loma Linda, Calif., last Nov. 30.

Nero watched the gladiatorial contests in Rome through an emerald, ground to act as a lens. He was nearsighted.

fessed Soviet desire for peace with what he termed the "constantly mounting accusations" by Kremlin leaders.

Some authorities professed to see good prospects that the remilin would accept Eisenhower's challenge that they send some Soviet leaders on visits to the United States. Eisenhower invited them to learn "the real facts" about the American longing for peace.

He proposed that groups of Soviet "leaders of thought and influential citizens" be encouraged to make such trips.

Such Soviet visits need not hinge, authorities said, on Soviet willingness to allow similar inspection tours by high-ranking Americans.

SPEEDY END TO  
TUNISIA DEBATE  
EXPECTED IN U. N.

UNITED NATIONS, N. Y. (AP)—

The U.S.-British offer of "good offices" to help solve the French-Tunisian dispute was expected to bring a speedy suspension to U.N. Security Council debate today on the charges growing out of the French bombing of a Tunisian village.

Although both France and Tunisia accepted the British-American offer, neither made a move to avert the Council meeting scheduled after Tunisia complained to the U.N. and the French filed a countercharge.

However, diplomats both at the U.N. and in London were confident both nations would now try to

avoid a bitter debate which the Communists could exploit.

These sources predicted each nation would make a restrained statement explaining its charges, and that the necessary 7 of 11 Council members then would be mustered to adjourn the debate, giving the good offices a chance to work.

U.S. officials in Washington said they would offer "concrete suggestions and proposals" on outstanding problems between France and her former protectorate. Instead of a single conference bringing both sides together, a coordinated diplomatic drive will be made in Paris and Tunis.

Tunisia requested the Security Council meeting to consider her charge of French aggression in attacking Sakiet Sidi Youssef Feb. 8, killing 79 men, women and children.

France countercharged that Tunisia is sheltering rebels who have been in revolt in neighboring Algeria for more than three years.

Family Of 8 Made  
Homeless By Blaze

CANLISLE, Pa. (AP)—Local volunteer firemen today were conducting a drive to collect clothing and furniture for a family of eight that lost nearly all its possessions in a fire yesterday.

George Thomas, his wife, their five children, and his 70-year-old father spent the night with neighbors and relatives after a fire burned out their home in the small settlement of Petrow Acres, a mile east of here. The fire was blamed on a chimney.

Firemen said the family has found a vacant home in the vicinity to move into, but need furnishings and clothing.

Remove the stem end, seeds and white membrane from a green pepper; cut into thin rings. Chill in ice water, then drain and arrange over the top of a bowl of greens to be used for a tossed salad.

HARRISBURG (P) - Lt. Gov. Roy E. Furman sees no chance of reduction in the cost of state government.

"As a member of the executive department, I cannot see any great, drastic reduction in the cost of state government," Furman said at a meeting yesterday of the Pennsylvania and Atlantic Seaboard Hardware Assn.

Furman told the hardware dealers from Pennsylvania, New Jersey, Delaware, Maryland and the District of Columbia it would not be possible for the state to reduce taxes and participate in such vast programs as the federal interstate highway program.

He noted that 50 cents of every state tax dollar now is being spent for education, 30 cents for health and the remaining 20 cents for all other state functions.

"People are willing to pay their fair share for these services, provided they are getting full service for the dollars they are spending," Furman said.

## Littlestown

### JAYCEES WILL GIVE VARIETY SHOW FEB. 28

The A Cappella Girl Singers from the Methodist Home for Children at Mechanicsburg will entertain at the Variety Show to be presented by the Littlestown Junior Chamber of Commerce on Friday, February 28, 8:15 p.m. in the Littlestown High School auditorium. The girls are directed by the Rev. Victor B. Hann, superintendent of the home. The group is in great demand for appearances in the Mechanicsburg area, and has only entertained in this area at the Rotary Lions session in Gettysburg several years ago. A varied program will be presented by the singers.

Other musical talent, both local and out-of-town, will be featured on the Variety Show program. Announcement of other participants on the annual show will be made in the near future. The highlight of the evening's entertainment will be the "This Is Your Life" feature immediately following the Variety Show. "This Is Your Life" will be a take-off on the popular television program of the same name, and will honor a local citizen to be chosen as the evening's subject.

Tickets for the event are now available and may be secured, as general admission seats, from any Jaycee. The reserved seating chart is now on display at Marvin's Cut-Rate Store, S. Queen St.

Nominate Officers L. Robert Snyder reported that arrangements on the variety event are progressing satisfactorily, at the semi-monthly dinner meeting of the chapter held last evening at Schott's Hotel, Emerson F. Muller, chairman of the publicity committee, announced that a "This Is Your Life" banner will be placed at the community square as soon as the weather permits.

President Richard D. Thomas presided at the session and heard a report from William R. Keefe. The state Jaycees have adopted the project proposed by the Altoona chapter to replace the library at St. Francis College, Altoona, which was recently destroyed by fire. Contributions of cash or books for this purpose may be given to President Thomas or Secretary Keefe.

At a meeting of the Jaycees directors, the following were nominated for office: President, Clyde W. Crouse; vice president, William Keefe; secretary, Clyde Bucher; treasurer, Robert V. Weaver; 1958 directors, Paul E. Hiltbrich Jr., Paul F. Boller Jr., Noah V. Brown, Emerson F. Muller and Ralph C. Unger. Election will take place at the dinner meeting on Monday, March 3, 6:30 p.m. Those elected to office will be installed on April 7.

An important meeting of St. Aloysius parish Council of Catholic Women will be held immediately following the Ash Wednesday service at 8:30 p.m. tomorrow in the parish hall. A merchandise club will be formed for the benefit of the convent fund. The evening's program will be in charge of Mrs. Ivan D. Rickrode, chairman, Mrs. George B. Sneeringer, Mrs. Nicholas Redding, Mrs. Thomas L. Cookson Sr., Mrs. Hildah Eline, Mrs. Francis Kuhns, Mrs. Stewart N. Long, Mrs. Leo Riley, Mrs. Lawrence Rexroth, Mrs. Kenneth Sentz and Mrs. Donald J. Staub.

SENTENCED FOR FIGHT IN COURT PHILADELPHIA (P) - A convicted narcotics dealer began a two-year jail sentence today on charges stemming from a courtroom brawl more than two years ago when he was arraigned on the narcotics charges.

The sentence was imposed on Thomas Griffin, 37, of North Philadelphia, yesterday after a Quarter Sessions Court jury convicted him of punching two policemen and resisting arrest.

Griffin was being led from the courtroom when he suddenly punched the officer accompanying him and another officer who intervened. A fight ensued involving court personnel and spectators before Griffin was subdued.

In another case yesterday, Quarter Sessions Judge Vincent A. Carroll sentenced Ellis Wise, 31, of Philadelphia, to 5 to 11 years in jail. Wise pleaded guilty to a narcotics charge.

Under an actual defense alert, radio and TV stations must go off the air and any transmissions are broadcast only on the special Conelrad frequencies of 640 and 1240 kilocycles.

Personnel Changes Revealed By State HARRISBURG (P) - Two changes in Department of Agriculture personnel were disclosed today by the department.

Both were effective last October. John C. Shook of Spring Mills R. 2, Centre County, was appointed a veterinarian at the annual salary of \$8,983, effective Oct. 23.

Maurice D. Smith, Chambersburg, a food inspector, resigned his \$6,071 a year job, effective Oct. 14.

Puree dried cooked apricots and fold into whipped cream to use for a cake filling.

Renovated Store Is Burned; \$35,000 Loss MUNCY, Pa. - Fire wrecked a recently renovated furniture store operated by Carl L. Stover yesterday.

Firemen from here and five neighboring communities fought the blaze for four hours. Stover estimated damage at \$35,000 and said it was partly covered by insurance.

The store was operated as an annex to his main store two doors away on S. Main street. A bank separates the two buildings. Stover said the fire started from an explosion in a hot air furnace in the basement.

OK 1,806 Liquor License Transfers HARRISBURG (P) - The State Liquor Control Board reported yesterday that it approved 1,806 license transfers last year and refused 35 others.

Those refused, said Chairman Patrick E. Kerwin, were primarily because they were located too close to church or charitable institutions.

In 32 other cases, he added, the board could not refuse transfers to establishments near such institutions because of a 1956 State Supreme Court decision which ruled such transfers could not be barred unless the proposed licensed establishment was within the statutory 300 feet of such an institution.

RADIO APPLICATION WASHINGTON (P) - The Communications Commission has received an application for a new radio station in West Chester, Pa.

Brandywine Broadcasting Corp. of Philadelphia applied yesterday for the station on 690 kilocycles, 500 watts, daytime.

## EIGHT KOREANS

### SELECTED FOR LIFE IN STATES

SEOUL (P) - Eight Korean orphans are absorbing strange American ways and customs from American families here while waiting to leave for new homes in the United States.

The four boys and four girls, ranging in age from five months to five years, were chosen from orphanages in Pusan, Seoul and other Korean cities by Dr. Genevieve Bowen Shaw, representative of Welcome House in Doylestown, Pa., a group formed to provide homes for mixed blood orphans from Korea.

Dr. Shaw, an education specialist for the Pennsylvania State Department of Education and Health, is a director of Welcome House, an adoption agency created by Nobel Prize winning novelist Pearl S. Buck.

23 Seek Children Welcome House is seeking children now for 23 American families it has approved after careful study by trained social workers, Dr. Shaw said.

The first group of orphans, the eight now being cared for by American families here, will leave for their new homes in a few weeks, after paper work has been completed, she added.

"These children came from various orphanages in Korea and I hate to put them in another orphanage here while awaiting completion of procedures," Dr. Shaw explained.

She said Welcome House plans to continue its adoption program in Korea "until no more children are available for adoption."

## 12 NEGROES DIE IN DUPLEX FIRE IN ATLANTA, GA.

ATLANTA (AP)—Twelve persons, including 11 children in two families, perished in a fire that roared through a two-story duplex building in Atlanta's southwest section last night.

Firemen said they found the bodies of 10 children huddled in one upstairs bedroom.

In other bedrooms were the charred remains of an infant boy in an incubator and a woman, mother of four of the dead youngsters. Police said all 12 victims were Negroes.

### Risk Lives In Rescue

Mr. and Mrs. Jewell Jones risked their lives in unsuccessful attempts to reach their seven children.

Jones was cut off by flames while trying to get to them and finally leaped to safety from a second-story window. Later he ran up a ladder erected by firemen and plunged into the smoldering structure. Firemen pulled him back.

Mrs. Jones said she "ran through a wall of flames trying to get upstairs. My hair caught fire and my arms were blistered. I just couldn't reach the children."

Police listed the seven dead Jones children as Sandra Louise, 8; Frederick, 6; Larry, 5; Charles, 4; Christine, 2; Barbara, 1; and

Calvin Douglas, the infant whose body was found in an incubator.

Also dead were Mrs. Mary Helen Rowe, Jones' sister-in-law, and her four children, Betty Jo, Marvin, Robert and Calvin, all under 6.

Jones told police he was repairing a bed when he thought he smelled smoke in the duplex. He went downstairs.

"The whole downstairs was a sea of flames," he said. "I ran back upstairs and tried to get to the bedroom where the children were sleeping, but the flames cut me off."

"I saw I couldn't get to them and I jumped out a window."

Cause of the fire was not determined.

## GM REPORTS ITS '57 SALES UP, PROFITS DOWN

DETROIT (AP)—General Motors Corp. reports sales were up but earnings were down last year in contrast to Ford and Chrysler reports of both increased profits and sales for 1957.

The giant General Motors, largest of the big three auto companies, said in its annual report yesterday that earnings for 1957 were \$843,592,000, equal to \$2.99 a share, compared with \$847,396,000 or \$3.02 a share for 1956—a decline of one-half of one per cent.

Ford previously reported earn-

ings for 1957 were up \$46,200,000 to \$282,800,000 and Chrysler announced earnings for the year were more than six times higher than 1956, jumping to \$119,952,406.

### Sales On Increase

All three auto firms reported sales increases.

GM sales totaled \$10,989,813,000—second only to the record \$12,443,277,000 posted in 1955, the auto industry's banner year. Sales in 1956 were \$10,796,443,000.

Ford sales for 1957 came to \$5,771,300,000 or 24.2 per cent greater than in 1956. Chrysler, capturing its biggest share of the auto and truck market since 1953, reported record sales of \$3,564,982,510—up 33 per cent over 1956.

General Motors blamed its drop in profits on higher costs.

## STRONG BRITISH FLAVOR IN TOP "OSCAR" GROUP

HOLLYWOOD (AP)—Academy Award nominations this year have a strong British flavor, and several Oscars may be their cup of tea.

Nominees for top awards include Alec Guinness for "The Bridge on the River Kwai"; Charles Laughton, "Witness for the Prosecution"; Deborah Kerr, "Heaven Knows, Mr. Allison"; and Elizabeth Taylor, "Raintree County."

In addition, Laughton's wife Elsa Lanchester was among nominees yesterday for best supporting actress for her work in "Witness." Director David Lean was tabbed for "Kwai."

"Sayonara," a movie about a U.S. major's love for a Japanese girl, won the most nominations—10—in results announced by George Seaton, president of the Motion Picture Academy.

"Peyton Place" with nine nominations and "The Bridge on the River Kwai" with eight were next. The other two pictures to place in the movies' chosen five were "12 Angry Men" and "Witness for the Prosecution."

Marlon Brando, perennial contestant and previous winner, was nominated for "Sayonara." The fact that Brando has won before gave the edge to Britain's Guinness for best performance by an actor. Guinness played the resolute British army commander in "Kwai."

### Ceremonies March 26

The other male star nominees are Anthony Franciosa for "A Hatful of Rain" and Anthony Quinn for "Wild Is the Wind." Lana Turner, long a sex symbol in the movies, was nominated for "Peyton Place," wherein she played the mother of a teen-age daughter for the first time.

The other two feminine nominees are Joanne Woodward for "The Three Faces of Eve" and Anna Magnani for "Wild Is the Wind."

The televised Oscar award ceremonies will be March 26.

## More Comfort Wearing FALSE TEETH

Here is a pleasant way to overcome loose partial discomfort. FASTEETH, an improved powder, sprinkled on upper and lower plates holds them firmly so that they feel more comfortable. No gummy, gooey, pasty taste or feeling. It's alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTEETH today at any drug counter.
